CRSO, Onstak

WHAT WE LL COVER

Agenda

- **Introductions**
- **Real-World Use Cases**
- **AI Solution Architecture**
- **Production Deployment**
- **Lessons Learned**
- **Getting started & Q&A**

Stop! Panel Time!

Quick show of hands – how many here have or are looking to implement custom AI to solve a problem?

LET'S CONTINUE THE CONVERSATION!

Start where you are.

Build AI incrementally and align every investment with
REAL outcomes.
